

# Peckish Produce

## COMPLETE LAYER MEAL

Peckish Complete Layer Meal has been specially formulated for all breeds of laying hens from around 18 weeks old. Complete Layer Meal is a complete ration featuring added calcium, phosphorus and trace elements for premium eggshell quality and for maintaining hen's health.

### Feeding Instructions:

To be fed ad-lib from 18-20 weeks old onward or about 10-14 days prior to commencement of lay. Egg production usually begins at around 20-22 weeks of age. A recommended feed rate is upward of 110 grams per bird per day.

### Ingredients:

Selected from: Wheat, Barley, Triticale, Lupins, Canola Meal, Lucerne Meal, Vegetable Oil, Limestone, Di-Calcium Phosphate, Salt, Vitamin and Mineral Premix.
