

## ADULT LORIKEET BLEND BANANA

Peckish Lorikeet Blend with added Banana is enriched with essential nutrients to promote healthy growing and breeding Lorikeets. Made from all natural ingredients, you can entice your bird with the deliciousness of the added banana, while providing them with an abundance of potassium and added protein to maintain good feather and body condition.

### Feeding Instructions:

Suitable to feed to Lorikeets at any age. Can be fed to chicks and young birds moist, alongside a separate portion of the same dry blend. To feed the Lorikeet Blend moist, mix with water until the consistency becomes similar to paste. Ensure that your bird consumes within 4-6 hours, otherwise dispose of anything left uneaten. Can be supplemented with suitable fresh fruits and vegetables.

### Ingredients:

Selected from: Wheat, Corn, Rice Flour, Dextrose, Soybean Meal, Water, Vegetable Oil, Vitamin and Mineral Premix, Banana Flavour Powder.
