

BREEDER SOFTBILL BLEND EGG & MEALWORM

Peckish Breeder Softbill Blend with added Egg and Mealworms is a highly nutritious and vitamin-enriched blend for breeding softbills. Made from all natural ingredients, this delicious combination of egg and mealworm provides your breeding softbill with the required calcium and protein to improve egg formation, ensure healthy reproduction and benefit overall chick health.

Feeding Instructions:

Suitable when you are planning to breed your softbill. Start to transition your bird to Peckish Breeder Softbill blend around 6 weeks before breeding, and continue until chicks fledge.

Ingredients:

Selected from: Wheat, Corn, Soybean Meal, Dextrose, Rice Flour, Egg Powder, Dried Mealworm Flour, Vegetable Oil, Water, Vitamin and Mineral Premix, Blueberry Flavour Powder.
