

Peckish[®] Produce

PECKISH POULTRY GROWER

Peckish Poultry Grower are a high protein and energy ration containing essential vitamins and minerals to promote optimum growth and health as the bird develops. This product is the ideal feed for the growth stage between chicks and hens.

We recommend moving to Peckish Performance Layer Mix at around 20 weeks of age.

Feeding Instructions:

To be fed ad-lib from 8-10 weeks of age onward until 10-14 days prior to commencement of lay. Egg production usually begins at around 20-22 weeks of age. A recommended minimum consumption is upward of 70g of Grower Crumbles. However, consumption of Grower Crumbles may vary as intake is dependent on variables such as age, climate change and available supplements such as wheat or kitchen scraps.

Ingredients:

Selected from: Barley, Canola Meal, Wheat, Mill Mix, Screenings, Oats, Lime and Vitamin & Mineral Premix.
